MOTION: "That Senate approve, as set forth in S.75-42,
that the deadline for submission of the report

further extended to the April meeting of Senate."

SIMON FRASER UNIVERSITY

S. 75-42

MEMORANDUM

To: SENATE

From: SENATE COMMITTEE ON

UNDERGRADUATE STUDIES

Subject: Grading Report

Date: February 12, 1975

At its January meeting, Senate, at the request of the Senate Committee on Undergraduate Studies, granted a 3 month extension to that Committee for the completion of its report on grading. The reason for this request was to enable the Committee to receive comments from a wider cross section of the University community than had been possible up to that point. Further submissions have been received; but no expressions of opinion have so far been received from students although the Committee has been assured that these will be forthcoming in the near future. The Committee was, however, unwilling to proceed without any student input and has requested that student reaction to the draft report be made available by the end of February. Accordingly, the Committee requests a further extension of one month to enable it to submit its final report to the April meeting of Senate.
