

SIMON FRASER UNIVERSITY

S78-41

MEMORANDUM

To..... SENATE
.....
..... (FOR INFORMATION ONLY)
Subject..... ENGLISH 12 (MODIFIED ENGLISH)

From..... SENATE UNDERGRADUATE ADMISSIONS
..... BOARD
Date..... 16TH MARCH, 1978

On February 1, 1978, the Senate Undergraduate Admissions Board considered the course, English 12 (Modified English) for inclusion in the list of courses acceptable for admission to Simon Fraser University. The Board's decision was to not allow the course to be used as one of the academic Grade 12 subjects for admission purposes. This position was taken on the basis of the following information:--

- a) The course is English 12 modified by the school so that students may concentrate on minimum essential content.
- b) The course is strictly a local school responsibility and, as such, there is no syllabus, or course outline available from the Ministry of Education.
- c) Some secondary schools have indicated that the course is considered to be for non-university students.

The Board felt that any student who completes English 12 (ME) as part of their academic Grade 12 program could become admissible to Simon Fraser University by subsequently completing the regular English 12 course, or by completing a full year of acceptable studies at a B.C. Regional College.
