Date..... 20 December, 1978

Action taken by the Senate Committee on Undergraduate Studies at its meeting on November 21, 1978, gives rise to the following motion:

MOTION

That Senate approve and recommend approval to the Board of Governors the change in requirements for a Minor in Learning Disabilities as set forth in S79-3 .

Note: For students qualifying for a B.A., B.Sc., or B.G.S. degree to have any Specific Education Minor recognized in their degree programs and entered on official records, it is presently required that they have successfully completed the Professional Development Program (as well as the requirements for the Specific Minor; cf. page 244 in 1978/79 calendar).

The present proposal includes the removal of the successful completion of the Professional Development Program as a requirement to qualify for the Minor in Learning Disabilities. In doing so, EDUC 401, Introduction to Classroom Teaching and EDUC 402, Studies of Educational Theory and Practice are being dropped as prerequisites for EDUC 422, Learning Disabilities and EDUC 424, Learning Disabilities: Laboratory.
