- d) The Committee's deliberations shall be confidential and shall be conducted according to the rules of procedure for Senate committees. A decision on recommendation to the President of a candidate for appointment shall be made by majority vote.
- e) If the President does not find it possible to recommend to the Board of Governors the appointment of the candidate recommended by the Committee, the Committee shall undertake once more the responsibilities outlined above."

S.M. 14/4/80

I. Whitaker's request to speak to the paper was accepted by the assembly and he was seated. As the representative of the executive of the Faculty Association, I. Whitaker urged that appointment of a candidate for a senior position be confirmed by ratification vote of faculty. K. Rieckhoff spoke against the suggestion, stating that the ratification process would not contribute to the selection process inasmuch as the best qualified candidates are seldom well known to the majority of the voting constituency and faculty input is provided through its elected representatives on the Search Committee. R. Brown expressed uneasiness regarding a vote ratifying individuals at the senior level because of the difficulty of attracting well qualified candidates.

A. Lachlan moved that an immediate vote be taken on the motion.

Question was called on the motion to call the question.
