NEW COURSE PROPOSAL

ARCH 873-2

Graduate Seminar in Archaeology and Prehistory

A seminar on selected problems in archaeological science and prehistory.

Students may take ARCH 873-2 for credit once in the graduate programme.

NOTE: Students must take ARCH 872-0/873-2 each semester the course is offered. Credit for this course does not constitute part of the normal 30 hours required for the M.A. degree. Grading will be restricted to satisfactory/unsatisfactory. (S/U)

RATIONALE: The Graduate Seminar is required of all graduate students each time it is offered (normally each Spring and Fall semester). As the seminar is a forum for ongoing research the department does not wish to grade it in the usual pattern. The new course gives 2 credits for participation in this seminar, once in the graduate programme, as a recognition of the amount of work required from students.

MEMORANDUM

C.S. 79-10.

To Faculty of Arts Graduate Studies
Committee
Subject Econ 900

From S. Easton, Chairman

Graduate Program, D.E.C.

Date 79/08/27

The Graduate Studies Committee of the Department of Economics and Commerce would like permission to grade all students taking Econ 900 (Economics Research Workshop) on a S/U basis, for the following reason: it is an appropriate grading procedure for those who are currently doing research for the M.A. and Ph.D. degrees. Obviously "letter grades" make no sense in these cases as research is not susceptible to continuous fine monitoring of this sort.

The Internship and Practica are graded on a Satisfactory/Unsatisfactory basis

Grading will be restricted to Satisfactory/Unsatisfactory. (S/U)

NOTE: Credit for any of the above courses does not constitute part of the normal 30 hours required for the M.A. degree.

RATIONALE: When Psyc Clinical program was approved a number of graduate courses having to do with internships and practica were approved with it. It was the original intent that these courses should be graded on an S/U basis rather than the A,B,P,F grading. The S/U system of grading seemed inherently better suited to the nature of those courses (i.e., internships, and practica under supervision of hospital staff).

Such intent, however, was not specified when the program was presented and so it was assumed by the appropriate authorities that the A, B, P, F system would apply. So at the last meeting the department unanimously voted to request that the above courses be listed as being graded on a satisfactory/unsatisfactory basis.
