

MEMORANDUM

To..... SENATE

From..... SENATE COMMITTEE ON UNDERGRADUATE
STUDIESSubject..... PROPOSED NEW REGULATIONS - FACULTY OF
BUSINESS ADMINISTRATION; CHANGES IN
FACULTY OF ARTS GENERAL REGULATIONS,
AND SOME CHANGES IN THE DEPARTMENT OF
ECONOMICS

Date..... APRIL 23, 1982

Action undertaken by the Senate Committee on Undergraduate Studies at its meeting of March 9, 1982 gives rise to the following motion:

"That Senate approve and recommend approval to the Board of Governors, as set forth in S.82-62 the proposed new regulations - Faculty of Business Administration, changes in Faculty of Arts General Regulations, and some changes in the Department of Economics, including:

1. Proposed new regulations - Faculty of Business Administration pp. 1 - 7
2. Changes in Faculty of Arts General Regulations pp. 8 - 11
3. Changes in Requirements in the Department of Economics." pp. 12 - 14

A further proposal has been made that the degree for the Faculty of Business Administration be "Bachelor of Business Administration" and SCUS has concurred. A recommendation has gone forward to the Senate Committee on Academic Planning with further report and recommendation to be made by that body. (On May 12 that body concurred.)

In the development of these regulations it has been necessary that there be careful decisions made and adjustments undertaken with the movement of Business Administration from the Faculty of Arts to its own Faculty whilst Economics remains in the Faculty of Arts. The programs continue to provide for a Major Program in Business Administration, an Honors Program in Business Administration, a Joint Major Program in Business Administration and Economics, and a Joint Honors Program in Business Administration and Economics. There is also provision for a Major Program and for an Honors Program in Economics. There continues to be provision for a Minor Program in Business Administration and a Minor Program in Economics.

It is anticipated that further changes to programs may be proposed.

It is intended that the change in degree designation to Bachelor of Business Administration be approved effective from September 1982 if clearance can be given in sufficient time by the approval bodies. The main changes in these regulations now proposed would become effective Fall '83-3. It is intended that announcement of these changes be made as early as possible to give advance warning to students.

The proposed change in degree designation to Bachelor of Business Administration for those completing their degrees through the Faculty of Business Administration would be effective from September 1982 if clearance can be given in sufficient time by the approval bodies.

The general principles are given in the attached memorandum. Proposed regulations as they would be revised are shown in detail in pp. 1 - 14 inclusive.

..... Proposed New Regulations - Faculty
..... of Business Administration; Changes

.. Faculty of Arts Curriculum Committee..

Subject..... in Faculty of Arts General Regulations
..... and some changes in the Department of
..... Economics

Date.. 1982-03-17.....

The establishment of the Faculty of Business Administration necessitates the approval of Faculty Regulations for Business Administration, changing of the General Regulations of the Faculty of Arts and some alterations in requirements in the Department of Economics. The Faculty of Arts Curriculum Committee at its meeting of March 11, 1982 moved approval and recommends the approval by SCUS of the following:

- A. The General Regulations of the Faculty of Business Administration. Business Administration has decided to follow the format of the Faculty of Arts General Regulations, with the following changes:
 1. Courses from Group E, allocated as substitutes for Groups A, B, and C, (p. 94 of the current calendar) are included in Groups A, B, and C.
 2. BUS. and BUEC courses are excluded from Group B.
 3. Students are required to complete at least 50 hours outside the Faculty of Business Administration.
 4. Majors must complete at least 36 Upper Division hours in Business Administration.
 5. Honors must complete at least 56 Upper Division hours in Business Administration.
 6. Joint Majors must complete at least 25 Upper Division hours in each discipline in addition to BUEC 332-3 and BUEC 333-3.
 7. Joint Honors must complete at least 28 Upper Division hours in each discipline in addition to BUEC 332-3 and BUEC 333-3
- B. BUEC courses will be double listed in the Faculty of Arts and in the Faculty of Business Administration and may be counted in either Faculty at the student's discretion. For these purposes, no student can count a single course in two Faculties.
- C. Students who apply for a Joint Major or Joint Honors in Business Administration and Economics will be governed by the regulations of the Faculty from which they request their degrees -- either Arts or Business Administration.

Mr. H.M. Evans
March 17, 1982
Page 2

- D. For purposes of the Group Requirements in the Faculty of Arts courses in Business Administration will continue to fulfill Group B requirements.
- E. A change in the Joint Major and the Joint Honors program in Economics to accord with A 6 and 7.
- F. A change in the Minor Program for Economics which excludes Business Administration majors from counting BUEC 332-3 and BUEC 333-3 towards the required 15 Upper Division hours.

The supporting papers for these changes are attached.

The Faculty of Arts Curriculum Committee received for information and transmittal to SCUS the recommendation of the following:

The name of the degree (to be granted in the Faculty of Business Administration) be Bachelor of Business Administration.

MEMORANDUM

All Members.....
Faculty of Arts.....
Curriculum Committee.....
Changes in Undergraduate Curriculum.....
Subject: Business Administration.....

From..... Sheila Roberts.....
Administrative Assistant to
..... Dean of Arts.....
Date..... March 9, 1982.....

Because of the complexity of the changes which have been made by Business Administration as they prepare their regulations for the new Faculty of Business Administration, I have noted the major changes requested and given the implications of the changes. There were no rationales given in the submission.

1. Group Requirements

- (a) Business Administration proposes to retain the Group A, B and C designations and the number of required hours. They have expanded the Groups to include Departments in Interdisciplinary Studies from Arts Group E whose courses are allowed to substitute for requirements in Groups A, B and C (see page 6--Business Administration submission and page 94 current calendar). The allocation of Group E Departments is identical to that used by Arts.
- (b) Business Administration and BUEC courses are not included in Group B--so all Group Requirements must be taken from courses external to Business Administration.

2. Courses Required Outside Major Department

Business Administration is requiring that its students take at least 50 hours outside Business Administration. Arts requires at least 30. As 30 hours are required as Group Requirements, Business students are required to take at least 20 hours in addition to the Group Requirements outside Business.

3. Hours in Major

The hours required for a Business Major are being increased from 30 hours to 36 hours.

4. BUEC Courses

BUEC courses will be double listed in the Faculty of Arts and in the Faculty of Business Administration and may be counted in either Faculty at the student's discretion. These courses can be included in either major and are taught by faculty members from both Economics and Business Administration. They do not easily fit exclusively in either Arts or Business Administration.

5. Joint Programs

Students who apply for a Joint Major or Joint Honors in Business Administration and Economics will be governed by the regulations of the Faculty from which they request their degrees--either Arts or Business Administration. This is parallel to the problem with the BUEC courses--these degrees do not clearly belong to either Faculty. (This comment will be added to the submission.)

6. Note

The General Program regulations at present do not include Joint Majors. The Honors Program does not include Joint Honors --in terms of (f) the required hours. This will be changed.

7. Honors Requirements

Honors students must take at least 56 upper-division hours in Business Administration. Presently, Arts and Business require 50 upper-division hours of Honors students.

8. Joint Majors

The Joint Major degree has been changed to 25 hours in each discipline, but BUEC 332-3 and 333-3 must be taken in addition to these 50 hours for a total of 56. Presently, the Joint Major specifies a total of 51 hours in the disciplines.

9. Joint Honors

The Joint Honors degree has been changed to 28 hours in each discipline, but BUEC 332-3 and 333-3 must be taken in addition to these 56 hours for a total of 62 hours.

Business Administration

Date.....

January 11, 1982

The attached document has been prepared to illustrate the proposed changes in credit hour requirements for various degree programs in the Faculty of Business Administration effective September 1, 1982. These changes have been approved by the Business Administration Undergraduate Curriculum Committee and were circulated to all faculty for comment. No further changes or comments have been received.

The changes recommended to the joint major and honors programs with Economics have been discussed and approved within the Department of Economics.

The Department has also approved the recommendation:

That the name of the degree (to be granted in the Faculty of Business Administration) be BACHELOR OF BUSINESS ADMINISTRATION.

These recommendations are forwarded to you for consideration by the Faculty of Arts Undergraduate Curriculum Committee.

FACULTY OF ARTS

P. 90 FROM: FACULTY OF ARTS REQUIREMENTS FOR THE B.A. DEGREE

The Faculty of Arts requirements fall into three categories:

1. The distribution of the total credit hours among the faculties of the University as well as the various departments and programs within the Faculty of Arts (see Group Requirements, p. 92).
2. Requirements for acceptance into and continuance in degree programs.
3. The establishment of minimum academic standards via the Grade Point Average (GPA) for successful completion of the various degree programs.

Note: Students who wish to obtain a B.A. degree with a Minor, Major or Honors in Mathematics may count Mathematics as an Arts subject, with this exception, all regulations of the Faculty of Arts will apply to them. Students who wish to undertake this program are strongly urged to seek advice from the Department of Mathematics.

*NOTE: These courses may be within the Areas of Concentration

RATIONALE:

A request from the Department of Business Administration to increase the total credit hours in Business for Joint Majors and Honors, gave rise to concern that the Economics portion of the program would be diluted if the compulsory statistics courses, BUEC 332 and 333 were counted toward Economics. This would have reduced the actual Economics content of the Joint degrees to 19 and 24 credit hours respectively. Thus, the above compromise was made.

p. 264 MINOR IN ECONOMICS

FROM:

At least 15 semester hours of upper division credit in Economics.

TO:

At least 15 semester hours of upper division credit in Economics

NOTE: Students majoring in Business Administration may not count BUEC 332-3 and BUEC 333-3 as part of the required 15 hours in Economics.

RATIONALE:

At present, a minor in Economics may be (and frequently is) obtained by completing only 2 five credit Economics courses plus BUEC 332-3 and BUEC 333-3, Elementary Economics and Business Statistics I and II. Since the latter are required courses for major in Business Administration, satisfaction of the Economics minor requirement may be achieved with minimal effort. To eliminate any dilution of the minor in Economics, where BUEC 332 and 333 are part of the major program's core courses, they should not be applied to the fulfilment of the minor requirement.
