

SIMON FRASER UNIVERSITY

S. 82-96

MEMORANDUM

To..... SENATE

From..... SENATE COMMITTEE ON UNDERGRADUATE STUDIES

.....
PROPOSAL TO AWARD THE B.Sc. (KINESIOLOGY)
Subject.. TO STUDENTS TRANSFERRING TO CERTAIN...
PROFESSIONAL SCHOOLS

.....
Date... September 15, 1982

Action undertaken by the Senate Committee on Undergraduate Studies at its meeting of September 14, 1982 gives rise to the following motion:-

MOTION:

"That Senate approve and recommend approval to the Board of Governors, as set forth in S.82-96 , the proposal for the award of the B.Sc. (Kinesiology) degree to students with the prescribed requirements who transfer to accredited professional schools in dentistry, medicine or veterinary medicine without completing a degree."

Proposed Calendar Entry:

Students who have completed at least 90 semester hours of credit, ^{comprising the} ~~comprised of the~~ science core courses, 30 upper division hours in Kinesiology including KIN. 305, KIN. 306, KIN. 326, KIN. 401, KIN. 407, and are accepted into an accredited professional program in dentistry, medicine or veterinary medicine, are eligible to receive a Bachelor of Science (Kinesiology) degree from Simon Fraser University after successful completion of the second year of Professional study. To be acceptable, the courses taken in the Professional Program must not duplicate courses already taken at Simon Fraser University and must be acceptable for transfer credit. Candidates must apply for transfer credit and for receipt of the B.Sc. (Kinesiology) degree through the Registrar's Office, Simon Fraser University.

Rationale:

Provision already exists in the Faculty of Science for the award of a B.Sc. Degree for students transferring to dentistry, medicine and veterinary medicine. Increasingly more students who use the Kinesiology major option as their premedical preparation at Simon Fraser University specifically request a B.Sc. (Kinesiology) degree.
