FOR INFORMATION

MEMORANDUM

To Ron Heath Secretary of Senate Subject SCCS Annual Report	From Dennis Foth, Secretary Senate Committee on Continuing Studies Date October 16, 1984
--	---

Please find enclosed two statistical/informational reports on undergraduate extension credit courses and programs and credit-free activities of the Faculties and departments of the University for the period May 1, 1983 through April 30, 1984. These documents constitute the annual report of the Senate Committee on Continuing Studies.

REPORT ON

UNDERGRADUATE EXTENSION CREDIT COURSES

May 1, 1983 - April 30, 1984

This report describes the numbers of undergraduate extension credit course offerings and associated course enrollee figures of the Departments/Faculties of the university for the period May 1, 1983 through April 30, 1984. By way of definition, extension credit courses include those that are offered after 4:30 p.m. of the regular semesters or during the days or evenings of Intersession (May-June) or Summer Session (July-August), those that are offered in downtown Vancouver (day or evening), those that are offered off-campus in a classroom (e.g., at Kelowna, Prince George), and those that are available throughout the province via print or print and audio tapes - i.e., the Directed Independent Study (correspondence) Course Program.

A summary of the numbers of extension credit course offerings and the numbers of course enrollees for each type of extension course is presented in Table 1. A total of 22,594 course enrollees was recorded in 640 extension credit course offerings during 1983-84, 3.9% (855) more enrollees than for the same period of 1982-83. The number of enrollees represented 26.7% of the total number of undergraduate enrollees at the university during 1983-84 (84,526).

I On-campus and Downtown Undergraduate Extension Credit Programs

A summary of the numbers of courses and course enrollees for each location (on-campus, downtown) by each Faculty for each of the three semesters of 1983-84 and 1982-83 is presented in Table 2. The number of enrollees was down marginally (-2.1%) during 1983-84 relative to 1982-83 as was the number of course offerings (-5.0%, 498 vs 524 courses).

In terms of location, the number of course enrollees in the on-campus program was down slightly (0.9%, 15,616 vs 15,765). By Faculty, Arts and Interdisciplinary Studies showed an increase (3.3% and 9.4%, respectively) whereas Business Administration, Education, and Science were down (-18.6%, -5.4%, and -2.8%, respectively). The decrease in enrollees in Business Administration appears to be due to a drop in course offerings (51 vs 67 in 1982-83) and the effect of raised admission and continuance GPA's for that program. Total enrollment in the Downtown Program was down 10.0% (2,007 vs 2,231). This effect appears to be attributable to four fewer course offerings and, as with the on-campus program, a decrease in the number of course enrollees in Business Administration.

II Off-campus Undergraduate Credit Programs

A summary of the number of off-campus lecture and seminar courses and enrollees in such courses is presented, by program, in Table 3. The number of course enrollees decreased by 8.0%, due to the fact that the Spring Semester, 1982, represented the

conclusion of Arts and Interdisciplinary Studies course offerings at Kelowna.

III Directed Independent Study Courses

Forty-one different undergraduate courses were available in this instructional mode during 1983-84. The total number of offerings of these courses was 106, seven more than in 1982-83.

The total number of course enrollees was 4,484, an increase of 39.5% relative to 1982-83.

IV Special Audit Students

The number of people attending classes, day or evening, on- or off-campus, as special audit students during 1983-84 was 157, a decrease of 27 (14.7%) over 1982-83.

TABLE 1

Numbers of Courses and Course Enrollees for On-Campus Evening and Downtown, Off-Campus and Directed Independent Study Programs for the May 1 through April 30 Periods of 1983-84 and 1982-83.

<u>Course Type</u>	<u>1982-83</u>		<u>1983-84</u>		Percentage Change in Number of Courses*	Percentage Change in Number of Enrollees*
