## MEMORANDUM

To..... Faculty of Interdisciplinary Studies.....  
..... Undergraduate Curriculum Committee.....  
Subject: Change in prerequisite - W.S. 401-5.....

From..... Kaja Silverman, Coordinator,.....  
..... Women's Studies Program.....  
Date..... 26 October 1984.....

The Women's Studies Coordinating Committee approved the following change at its meeting of 25 October 1984:

Change in prerequisite - W.S. 401-5, Research Project

FROM: W.S. 100 and any two 200 numbered Women's Studies courses.

TO: W.S. 100 and any two 200-division Women's Studies courses; permission of instructor; approval of project proposal by Coordinating Committee.

Rationale:

The 1983/84 edition of the Calendar required permission of the instructor and the Coordinating Committee as well as completion of W.S. 100 and two 200 numbered courses. Requirement for permission of instructor and Coordinating Committee was deleted from the 1984/85 edition of the Calendar in error, and the deletion was approved by FISC. We now wish to restore the original prerequisite. (The addition of the words "project proposal" is editorial, as it reflects the long-standing practice of the Program.)

## MEMORANDUM

To..... Faculty of Interdisciplinary Studies.....  
..... Undergraduate Curriculum Committee.....  
Subject. Course title change - W.S. 200-3.....

From..... Kaja Silverman, Coordinator,.....  
..... Women's Studies Program.....  
Date..... 26 October 1984.....

The Women's Studies Coordinating Committee approved the following Calendar changes at the Coordinating Committee meeting of 25 October:

Change in course title - W.S. 200-3

FROM: Women's Roles: A Comparative Study

TO: Women in Cross-Cultural Perspective

Rationale: W.S. 200 (current Calendar description below) has always had a cross-cultural perspective. The proposed course title more accurately reflects course content.

Current Calendar description: Follows from W.S. 100-4 and takes up in more detail a variety of the issues raised there. The focus will be on the situation of women in cross-cultural perspective using literary, historical, anthropological and other appropriate sources.
