

SIMON FRASER UNIVERSITY

S.86-41

MEMORANDUM

To.....Members of Senate.....

From.....Office of the Dean of Graduate Studies.....

Subject.....New Graduate Courses, MRM 647, 648.....

Date.....July 15, 1986.....

Action undertaken by the Executive Committee, Senate Graduate Studies Committee, at its Meeting on July 7, 1986, gives rise to the following motion:

MOTION:

"That Senate approve and recommend approval to the Board of Governors, as set forth in S.86-41 , new graduate course proposals for MRM 647-5 and 648-5"

B.P. Clayman
Dean of Graduate Studies.

SIMON FRASER UNIVERSITY

MEMORANDUM

To..... Margaret Savage, Chairperson
..... FAS Graduate Studies Committee
.....
Subject..... New Course Proposals (Update)

From..... Chad Day, Director
..... MRM Program
.....
Date..... 26 March 1986

The Natural Resources Management Program currently has a Tourism and Recreation Planning course, MRM 648-5. Since Professor Alison Gill joined the university in September 1985, it has become clear that the subdivision of this course into two components would be more appropriate for the needs of our graduate students. Accordingly, I propose to split the existing MRM 648 into two courses:

MRM 647-5	Parks and Outdoor Recreation
MRM 648-5	Tourism

Would you kindly consider the attached new course proposals at the next meeting of the Faculty of Applied Sciences Graduate Studies Committee.

Dr. Chad Day, Director

COURSE DESCRIPTION
MRM PROGRAM, SIMON FRASER UNIVERSITY
PARKS AND OUTDOOR RECREATION PLANNING

The course will outline resource assessment, planning, and management methods related to parks and outdoor recreation. Study topics will include recreation resource capability assessment, outdoor recreation demand, visual resource assessment, park and outdoor recreation planning models, and recreation corridor management. Linkages to tourism planning will be stressed throughout the course.

Guest speakers from government and public interest groups will focus on British Columbia practices. Problems in land allocation for conservation and recreation will be evaluated in a seminar format.

Course Grade

The course will be presented using a combination of lectures, visiting speakers, field research, and student seminars. The final grade will be based on the following components:

- | | |
|------------------------------------|-----|
| 1. Seminar | 20% |
| 2. Research paper and presentation | 40% |
| 3. Term paper | 40% |

Course Description

MRM Program, Simon Fraser University

Tourism

The course will examine social, environmental and economic components of tourism. Topics will include theoretical concepts and elements of tourism, historical evolution, spatial patterns, and case studies of tourism development in various parts of the world. Discussion of tourism planning and management will focus on the development of tourism as a renewable resource.

Course Grade

The course will be presented using a combination of lectures, visiting speakers, field research, and student seminars. The final grade will be based on the following components:

- | | |
|-------------------------------------|-----|
| 1. Seminar | 20% |
| 2. Research paper &
presentation | 50% |
| 3. Term paper | 30% |

20 November 1985

SIMON FRASER UNIVERSITY

MEMORANDUM

JAN 31 1986

To: J. C. Day MRM PROGRAM from Sharon Thomas, Head
Director. MRM Program Collections Management Office
Subject: New Course Proposals Date: January 30, 1986

I have examined the new course proposals for:

- | | |
|--------------|--|
| a) MRM 648-5 | Tourism |
| b) MRM 647-5 | Parks and Outdoor
Recreation Planning |

with respect to the existing collection and to current acquisitions policies.

Each of these courses represents research interests which had already existed from other disciplinary perspectives and, as such, does not burden the Library with any significant new collections obligations. The existing profiles which define our accessions of current English language publications include full coverage of the travel and tourism industries and recreational areas management with particular emphasis on parks and forests. We supplement this routinely with purchase of appropriate provincial and federal government documents as well as publications of such international agencies as the Organization for Economic Cooperation and Development's Tourism Committee.

These profiles have been in place for some years and the collection would appear to be adequate for the initial implementation of these courses. Any new or existing course creates an on-going obligation for support and maintenance but I see no evidence that these particular courses would entail any extraordinary funding.
