The study of the Quaternary (the last 2 million years of the earth's history) involves a broad group of disciplines ranging from biology, climatology, archaeology to surficial geology. This Minor enables students to obtain a background in Quaternary Studies through course work in various disciplines offered through regular departments in the Faculties of Science and Arts.

MINOR PROGRAM REQUIREMENTS

The course requirements

All students must take the following:

One of: ARC 410-5 Advanced Archaeometry
 ARC 411-5 Archaeological Dating

One of: BISC 434-3 Paleoecology and Palynology
 ARC 340-5 Introductory Zooarchaeology

One of: GEOG 412-5 Quaternary Geology and Geomorphology
 GEOG 416-5 Pleistocene Geography

Both of: QUAT 400-1 Seminar in Quaternary Studies
 QUAT 401-1 Field School

The Field School (QUAT 401) will normally be held in the week following the final examination period in the Spring Semester.

SIMON FRASER UNIVERSITY SCAP 79-11

MEMORANDUM

To.....	Dr. J. Chase, Secretary.....	From.....	H. M. Evans, Secretary.....
Senate Committee on Academic Planning.....		Senate Committee on Undergraduate Studies.....	
Subject.....	Faculty of Arts Minor Program in Humanities.....	Date.....	November 19, 1979.....

I am providing herewith a copy of the proposed Minor Program in Humanities which has been submitted from the Faculty of Arts. As this constitutes a new program (new Minor), it requires consideration by the Senate Committee on Academic Planning.

~~Normally the proposal would have gone forward to SCAP before going to SCUS.~~
In view of time constraints, the proposal was submitted to SCUS for consideration, pending a meeting of SCAP. Subject to the proposal being approved by SCAP, SCUS has approved the proposed program and the proposed new courses.

Attached is a copy of the type of transmittal memo which would have gone forward from SCUS to Senate had the proposal already been approved by SCAP. Since it has not been approved by SCAP, there will be no transmittal memo until SCAP consideration.

In the event that SCAP does approve the proposal, then a transmittal memo to Senate will be required and should constitute a memo from SCAP/SCUS jointly including the types of items shown on the attached memo.

Would you please arrange to place this item on the agenda for SCAP consideration. Following consideration at SCAP, please discuss with me the proposed transmittal memo to Senate, if the program is approved at SCAP.
