MEMORANDUM

DEAN OF GRADUATE STUDIES

TO: Senate Graduate Studies Committee FROM: B.P. Clayman

SUBJECT: "On Leave" Status DATE: 23 September 1988

I have been asked for a clarification of the criteria for a student registering "on-leave" (regulation 1.8.4). It has always been my understanding that both items a) and b) in the regulation must be true for a student to register "on-leave"; that is, the student must interrupt the graduate work and must not make substantial use of S.F.U. facilities. This seems to me the most logical interpretation of the regulation, taken as a whole and a proper definition of "on-leave" status.

I therefore propose to add the conjunction "and" so that items a) and b) would read:

- a) When a situation arises which makes it necessary or desirable to interrupt the work, and
- b) When no substantial use will be made of university facilities.

This matter will be on the agenda of the next meeting of the S.G.S.C. Please bring forward this memorandum.
