SIMON FRASER UNIVERSITY
OFFICE OF THE DEAN OF GRADUATE STUDIES

Memorandum

TO: Senate Graduate Studies Committee

FROM: Bruce P. Clayman
Dean of Graduate Studies

SUBJECT: Notification of Acceptance

DATE: June 30, 1996

Under Graduate Regulation 1.10.4, after a graduating student submits a thesis to the Library:

"When the Library representative of the Dean of Graduate Studies has checked the thesis and accepted the format, the representative will notify the Registrar. A copy of the notification will be sent to the candidate. No degree will be approved by Senate until the Registrar has been so notified."

It has been pointed out that individual notification is totally unnecessary and that a simple list sent by the Library representative to the Registrar would suffice quite nicely. The student is notified informally if there are problems with the format and gets a "CO" entry on the transcript and a letter from the Registrar about graduation once the Registrar is notified that the thesis is acceptable.

So, I propose new wording for 1.10.4, deleting the second sentence:

"When the Library representative of the Dean of Graduate Studies has checked the thesis and accepted the format, the representative will notify the Registrar. No degree will be approved by Senate until the Registrar has been so notified."

The Registrar's office informs me that this step will save generating and handling about 200 memos per convocation and considerable mailing costs - since the students typically will no longer be on campus.

This item will be on the agenda of the next meeting of the SGSC, in September. Because this change should be non-controversial, I have authorized its implementation on an *ad hoc* basis immediately.
