SIMON FRASER UNIVERSITY
OFFICE OF THE DEAN OF GRADUATE STUDIES

Memorandum

TO: Senate Graduate Studies Committee

FROM: Bruce P. Clayman
Dean of Graduate Studies

SUBJECT: Graduate Appeals Policy

DATE: February 13, 1998

I wish to propose that appeals by graduate students of academic decisions and appeals of decisions on graduate admissions be handled through the same processes as that currently used for undergraduate level appeals. This will require relatively minor changes to the Terms of Reference and memberships of the Senate Appeals Board (SAB) and the Committee to Review (Undergraduate) Admissions (CRUA) to reflect jurisdiction and constituencies. Administration of the process would move from my office to that of the Registrar - who is in agreement with this change.

The present Graduate Appeals Policy and procedures were approved by Senate in 1989; they are attached for reference. They have worked reasonably well in the very few cases heard (typically one or two per year). However, they suffer from two key flaws:

- the process is presided over by the Office of the Dean of Graduate Studies which is also responsible for the administration and enforcement of the Graduate Regulations themselves, presenting the appearance of a possible conflict of interest;
- the ad hoc appeals committees required under the graduate appeals policy lack consistency of membership (and hence expertise) and lack adequate representation of student interests, with only one student member.

Moving the process to the Office of the Registrar (which already administers both the SAB and CRUA) and placing appeals before a more representative committee with better continuity corrects these flaws.

Attached is the complete proposal for the shift in responsibility for graduate appeals. The matter will be on the agenda of the next meeting of the Senate Graduate Studies Committee.

Memorandum

To: Bruce P. Clayman
Dean of Graduate Studies

From: Ron Heath
Dean of Student Services & Registrar

Subject: Graduate Appeals Policy

Date: February 16, 1998

Further to recent discussions with you and Dr. Jack Martin, Associate Dean of Graduate Studies, I am attaching the proposed revisions to three Committees: Senate Appeals Board (SAB); Committee to Review University Admissions (CRUA); and Senate Graduate Studies Committee (SGSC). The amendments and changes to the existing Committees and Terms of Reference are highlighted in bold-face italics. The following highlight the proposed changes to the existing three Committees and their Terms of Reference.

SGSC:

Point 6. under the current "Purpose" would be deleted since decisions on admission or degree recommendations would now be referred to either CRUA or SAB.

SAB:

The membership has been amended to specify that there should be one graduate and one undergraduate student member. The alternates are similarly defined.

The "Purpose" has been amended to include 'approval of entry and re-entry to a program' as this makes it clearer that appeals under 1.12.3 of the Graduate Regulations would be addressed at SAB. Appeals (excluding grade appeals) under section 1.16 would be addressed at SAB.

CRUA:

The Committee has been re-named from the Senate Committee to Review Undergraduate Admissions to the Senate Committee to Review University Admissions.

The membership is revised to specify that there will be one graduate and one undergraduate student member (and corresponding alternates).

The Quorum is revised to include at least one voting faculty member.

The 'Purpose' has been amended to provide for consideration of appeals from students applying for admission to a graduate program who are not admitted through the usual admission channels. If past patterns apply, it is unlikely that there would be any significant number of appeals in this category. The 'Purpose' also allows for CRUA to advise SGSC on matters relating to admissions. CRUA would make a yearly report to SGSC on graduate appeals that have been handled by the Committee.

cc. Dr. Jack Martin, Associate Dean, Graduate Studies
