

SIMON FRASER UNIVERSITY

Memorandum

To: Senate
From: Emery Hyslop-Margison
Date: April 4, 2000
Subject: Senate Motion

Following the senate meeting of April 03, 2000, here is the motion I wish Senate to consider for inclusion at the next meeting:

Motion:

~~"Given~~ ^{Whereas} Dr. Taso Kazepides thirty years of dedicated service to Simon Fraser University, and his status as Professor Emeritus in education, ~~I respectfully request that he be invited to the September meeting of Senate to speak on the Hellenic Chair issue."~~ ^{whereas} ~~Senate invite him~~

I can fully appreciate that SCAR believes they have fully addressed this issue, but I also believe, without personally committing to his position, that Dr. Kazepides has the right to be heard in chamber. If his position proves without merit, then senate can dismiss any motions that arise from it in a democratic manner. Again, please extend my sincere thanks to SCAR for once again considering this issue.

Best wishes,
