

SIMON FRASER UNIVERSITY
DEAN OF GRADUATE STUDIES
MEMORANDUM

TO: Senate
FROM: Jonathan Driver, Dean of Graduate Studies, Chair SGSC
SUBJECT: Faculty of Applied Sciences: new courses
DATE: 28th July 2004
cc:

For information:

Acting under delegated authority Senate Graduate Studies Committee, at its 12th July 2004 meeting, approved the following courses for one year only, to allow incoming graduate students the opportunity to take courses that are part of the proposed new graduate programs in the School of Interactive Arts and Technology. These proposed programs are currently being reviewed.

Note: Final approval of the courses will be part of the final approval of the new graduate programs. Graduate students in SIAT are currently enrolled in a “cohort special arrangements” program, but it is anticipated that students entering this fall will be transferred to the regular graduate programs once they have been approved.

School of Interactive Arts and Technology

IAT 800 Foundations of Computation in Computing Arts and Design Sciences
