## Appendix to B 10.06 Presidential Search Committee

### Review of the President Prior to Reappointment

#### 1. Re-appointment Review Process

1.1 The Board of Governors shall first decide, following appropriate consultation, whether the Board is willing to consider re-appointment of the incumbent, and shall then determine whether the incumbent is willing to consider re-appointment.

1.2 If the response to either of these questions is in the negative, the search process will begin without delay with the establishment of a Presidential Search Committee. If the response to both questions is positive, a Re-appointment Review Committee will be established to review the incumbent's performance with the membership listed in 2. below. The review will include meeting with the incumbent and broad consultation across the University, with the Vice-Presidents and Deans, and with appropriate external constituents. If the committee is satisfied with the results of the review, it may recommend reappointment.

1.3 The review shall be undertaken expeditiously, normally within a two-month period. Care must be taken during this period to ensure that the incumbent's ability to carry out his/her responsibilities is not undermined by the process.

1.4 The quorum for the Review Committee will be 50% + 1. The decision of the committee shall be made by a simple majority vote, and will be forwarded to the Board of Governors.

#### 2. Re-Appointment Review Committee membership

Chair of the Board of Governors (or designate) who will chair the Review Committee

2 Members of the Board of Governors, appointed by the Chair, normally from OIC members

1 Student member of the Board appointed by the Chair

1 Vice-President or Associate Vice-President, selected by the Vice-Presidents and Associate Vice-Presidents

2 Faculty Senators elected by and from Senate

1 Dean, selected by the Deans after faculty members have been elected

1 Employee selected by the Employees' Council

1 Student member elected by Senate (a graduate student, if the Student Board member is an undergraduate, and vice versa if the Student Board member is a graduate student)

If the Re-appointment Review Committee's deliberations do not result in the re-appointment of the President, a Presidential Search Committee would be formed as provided in the Policy B 10.06.
