2007 26 June, 4 September, 2 and 23 October, 20 November, 18 December

2008 22 January, 18 February, 25 March, 29 April, and 20 May

3. Matters considered

Almost all items considered by SCAR are forwarded to Senate for information or approval and are not repeated here.

Some items are considered by SCAR and SCAR determines that there is no need for them to be forwarded to Senate. The following items were not forwarded to Senate;

a) Two motions dealing with the implications of the Trade, Investment and Labour Mobility Agreement between BC and Alberta were forwarded to SCAR for consideration by Senate. This item was referred to the VP Finance and Administration to request feedback on this issue from the University Presidents' Council (TUPC). When this matter returned to SCAR, the general consensus was that the matter did not fall within the jurisdiction of Senate and the matter did not come forward.

b) SCAR discussed the possibility of moving to a different method of distribution of materials. One possibility was having the materials distributed electronically, and having them displayed on projector at the Senate meeting. No conclusion was reached and this was a matter that would be raised for discussion at a future Senate meeting.
