Calendar Change, Undergraduate Department, Beedie School of Business

Effective: Spring 2012 calendar

In follow up to documents submitted at the February 2011 UCC Meeting, and approved at the April Senate meeting, calendar changes to the Double Degree program were omitted.

Within the majority of Business programs , students must take BUS 360W and at least two of the 400 level Business courses, including BUS 478, at SFU.

Rationale: University regulations state that the upper division writing intensive course must be done within the major program and must be completed at SFU. The above statement will emphasize this point.

As SFU is granting the degree, we believe that it is important the students complete at least 2 of the 400 level courses at SFU, including Bus 478. This change will need to be reflected in the SFU Calendar for Business programs.

The changes will affect these programs in various ways:

Double Degree in Engineering Science and Business Administration

Under Program Requirements

Bus 360W-4 Business Communication*

*to be completed before the student's 75th unit and at SFU in accordance with the WQB requirements

BUS 478-3 Seminar in Administrative Policy**

**to be completed at SFU

Under Business Concentration Elective Courses

- Students must also complete four upper division courses in a Business concentration including at least 3 courses at the 400 division (not including Bus 478 or Bus 425). At least one of these 400 division courses to be completed at SFU.
