RE:	Revision to GGR 1.3.8a		

Motion

That SGSC approve the revision to GGR 1.3.8a Admission to a Concurrent Bachelor's-Master's Program.

Revision and Rationale

Information regarding the maximum number of graduate course units that can be applied to the requirements for a bachelor's degree and master's degree has been added to this regulation. This added information was previously approved in Senate document S.12-21 but was not included in the GGR calendar entry. It has been decided to include this information in GGR 1.3.8a to help make the requirements clear.
