MEMORANDUM

ATTENTION	Jeff Derksen, Chair of Senate Graduate Studies Committee (SGSC)	DATE	September 9, 2020
FROM	Krista Gerlich-Fitzgerald Associate Director, Admissions & Records, Graduate and Postdoctoral Studies		
RE:	Graduate General Regulation (GGR) Revision: GGR 1.3.3		

Motion:

That SGSC approve the revisions of GGR 1.3.3 (English Language Competence), effective **Summer 2021.**

Summary of Revisions and Rationale:

The changes will formalize the acceptance of additional English language tests and minimum score requirements, aligning them with what is publically stated by other Canadian institutions. This will allow applicants more options if there are issues with taking TOEFL or IELTS within their country of residence. The test score minimums are in line with other graduate school requirements similar to SFU and matches those required by UBC.

General Graduate Regulation Change 1.3.3

Summary of change: Formally adding additional English language proficiency tests in line with other Canadian institutions. No changes to the test scores currently required.
Rationale for change: We have been informally accepting these tests for many years, however, as other Canadian institutions publicly state their allowance for these tests we would like to formalize our score requirements. This will allow applicants more options if there are issues with taking TOEFL or IELTS within their country of residence. The test score minimums are in line with other graduate school requirements similar to SFU's and matches that required by UBC.
Effective term and year: Summer 2021
Will this change impact current students? If yes, what is the plan for current students? Unofficially applicants can take these tests and we manually allow for it on a case by case basis.

FROM	TO
1.3.3 English Language Competence [...] All other international applicants will be required to achieve a minimum score of 7.0 on the International English Language Test System (IELTS Academic, not the general test) with a minimum of 6.5 in each section.
