Calendar Entry Change for TEAL – Teaching English as an Additional Language, Master of Education

Summary of changes: • Program name (from TEAL – Teaching English as an Additional Language to Teaching Additional Languages) • Indication of two separate streams within the program (previously under the TEAL umbrella there were two programs, TEAL and TEAL-F whose main focus was Teaching English with a different emphasis on engagement with educational practice; the change to TEAL and TLGC (Teaching Languages in Global Contexts) streams clarifies the distinction of the programs in terms of targeted audience where TLGC students develop knowledge towards teaching any additional language • Previously EDUC 824 was a core course for TEAL and TEAL-F students; with a shift to TEAL and TLGC streams, EDUC 824 remains a core course for TEAL students while TLGC students are recommended to take EDUC 710 (a special topics course) instead • An additional course, EDUC 711, is recommended as an elective for students in both TEAL and TLGC
Rationale for change: We regularly review our programs for relevance and strategic priorities. These changes align with the following priorities we identified during our most recent review: 1. A clear distinction in the target audiences of TEAL and TLGC 2. The articulation of the TLGC program aligns with the FOE's Internationalization Strategy which prioritizes ethical internationalization, internationalizing the curriculum and developing intercultural awareness
Effective term and year: Fall 2021
Will this change impact current students? If yes, what is the plan for current students? No.
