From Dr. Parvaneh Saeed, psaeedi@sfu.ca
Faculty of Applied Science, Graduate Studies Committee

Re: FAS-SEE 896 and 897 course changes

The faculty of Applied Sciences Graduate Studies Committee would like to propose changes to SEE 896 and SEE 897 graduate courses.

The requested changes are regarding the current standard grading basis to the competency grading basis. The rationale for the change is to build a community of scholars in a supportive environment that prioritizes students' wellbeing. We believe that competency grading basis is better suited to support this initiative.

We request for the changes to be effective Summer 2022.

Regards,
Parvaneh Saeedi
