MEMORANDUM

ATTENTION	Senate	DATE	September 16, 2022
FROM	Elizabeth Elle, Vice-Chair	PAGES	1/1
	Senate Committee on		
	Undergraduate Studies		
RE:	Faculty of Applied Sciences Admission Requirements from a BC High School (SCUS 22-59)		

Acting under delegated authority at its meeting of September 15, 2022, the Senate Committee on Undergraduate Studies approved that Calculus 12 be a recommended, rather than required course for students applying from a BC High School for the: School of Engineering Science, School of Mechatronic Systems Engineering and the School of Sustainable Energy Engineering, effective Summer 2023.

MEMORANDUM

ATTENTION	SCUS	DATE	September 15, 2022
FROM	Tom Nault University Registrar and Executive Director, Student Enrolment		
RE:	Faculty of Applied Sciences, Canadian admission requirements: Schools of Engineering, Mechatronic Systems and Sustainable Energy Engineering		

Motion

That the Senate Committee on Undergraduate Studies approve, under delegated authority, changes to the Faculty of Applied Sciences Grade 12, List A admission requirements effective Summer 2023.

Background

The admissions model that was implemented in 2018, for those domestic high school students applying to start at SFU in Fall 2019, seems to have contributed to a decline in domestic high school applications and admissions to FAS.

A proposal for Calculus 12 to be a recommended (rather than a required course) for students applying from a BC high school. This modification will allow those students, where Calculus 12 is not offered at their high school, to enter any one of the Schools in the Faculty of Applied Sciences.

Thank you,

Tom Nault
University Registrar and Executive Director, Student Enrolment

MEMORANDUM

ATTENTION	Wade Parkhouse, Chair Senate Committee on Undergraduate Studies	DATE	July 4 th , 2022
FROM	Edward Park, Associate Dean Faculty of Applied Sciences	PAGES	1/1
RE:	Modification to Admission Requirements		

The FAS Undergraduate Curriculum Committee in the Faculty of Applied Sciences has approved the following change to the admission requirements for the Schools of Engineering Science, Mechatronic Systems Engineering and Sustainable Energy Engineering:

- Calculus 12 to be a recommended (rather than required course) for students applying from a BC high school.

Best regards,

A handwritten signature in black ink, appearing to read "Edward Park", with a long horizontal stroke extending to the right.

Edward Park
Associate Dean, Faculty of Applied Sciences
