THANKS FOR PROTECTING YOURSELF & OTHERS WITH YOUR SFU MASK

Simon Fraser University is providing all students, faculty and staff attending campus in person this fall with one reusable non-medical mask. We are recommending that everyone who visits our campuses wear a mask in all common indoor areas. Common areas include building entryways and atriums, hallways, stairwells, washrooms and study areas. Wearing a mask does not replace important measures such as physical distancing and frequent hand washing.

Wash your hands or use an alcohol-based hand sanitizer before putting on any mask.

Masks should cover your nose and mouth. Fasten the mask loops around your ears.

Avoid touching your face and mask while wearing it.

Continue to wash your hands or use alcohol-based hand sanitizer often, especially if you accidentally touch your mask.

- Wash your mask after each use or at least daily.
- Gently wash the mask by hand in cold water with a small amount of detergent.
- Do not use bleach.
- Air dry.
- The mask is made from 100% cotton.

YOU CAN PURCHASE ADDITIONAL MASKS FROM THE SFU BOOKSTORE ONLINE STORE LATER THIS FALL
