

EDTECH TUESDAYS

Tip sheet for Uploading to Mediasite and Embedding into Canvas

1. Preferred Formats for Mediasite

video: MP4, 1920 x 1080, 24 or 30 frames per second (under 1 hour)
audio: MP3 (under 3 hours)

Go to stream.sfu.ca (*Chrome recommended)

2. Uploading to Mediasite

Add Presentation>Upload New Video

3. Mediasite Settings

- a. **Who Can View?** - set to My Organization
- b. **Edit Details** - allow downloads if you want (Podcast/Vodcast)
- c. **View Analytics**

4. Embedding into Canvas

Do NOT embed from Mediasite using the Share Presentations button and copying the embed code. To embed:

- a. Go into **Canvas**, find your Page and open the Editor
- b. Click on the **Apps** icon, then the Mediasite logo
- c. Add Existing Media: **Presentation** or **Collection** (*Channel)
- d. Choose **Presentation Link** (*hyperlink) or **Player Only** (*true embed)
- e. Save!
