

**Everything you always wanted to know about
linked administrative health data* (*but were too afraid to ask)**

CARMHA Research Seminar

Dr. Ruth Lavergne

Assistant Professor, Faculty of Health Sciences, SFU; Investigator, CARMHA

Friday, March 1, 2019 (*Will occur first Friday of every month*)

12:00 – 1:00 pm

Room 2235, SFU Harbour Centre

Centre for Applied Research in Mental Health and Addiction (CARMHA)

Faculty of Health Sciences

Simon Fraser University

When we link administrative data across multiple government agencies and health care delivery organizations, it provides a powerful resource for population-based research. BC has one of the world's largest collections of linked administrative health data.

Dr. Lavergne will provide an overview of data sources available for research in BC and explain some of their strengths and limitations, drawing on examples from her own research. She will also describe how administrative data are being used as part of current research at CARMHA.

For complete details on this presentation please visit the:

CARMHA Events Webpage: <http://www.sfu.ca/carmha/events.html>

FHS Events Webpage: <https://www.sfu.ca/fhs/news-events/seminar-series/upcoming.html>

- ◆ *The presentation will be webcasted. Access webcast here: <https://bluejeans.com/603206603>.*
- ◆ *The presentation is open to the SFU and broader research community.*
- ◆ *A light lunch will be available.*
