**Toxicologist
North America**

Intrinsic Corp., is a North American consulting firm that is a recognized leader in toxicology and human health risk assessment. We have an opening for the position of **Toxicologist** within North America.

We aim to offer our employees an environment that encourages professionalism, creativity, independence, and continual learning. The assets of any knowledge-based company are its people, and we believe strongly in investing in those assets by offering training and mentoring of our staff.

Like all modern successful organizations, we are committed to growing and advancing our employees' careers by providing them with new responsibilities and opportunities within the company.

The position would involve providing support to other toxicologists at the firm related to:

- Authoring of integrated nonclinical summaries for regulatory filings;
- Solving scientific and logistical problems;
- Data analysis and presentation of data;
- Writing and/or review of scientific study plans and protocols;
- Ensuring scientific quality of all projects as well as their delivery on time and on budget; and
- Reviewing and finalizing reports in accordance to GLPs.

The successful applicant would ideally have the following qualifications:

- Undergraduate or advanced degree in a life science or related field of study, preferably a B.Sc. or M.Sc. in toxicology;
- Demonstrated proficiency with literature searching;
- Excellent verbal and written communication skills, including strong interpersonal skill with the ability to effectively communicate with colleagues and clients at all levels;
- Strong organizational skills;
- Ability to multi-task (multiple projects/issues) and adapt to dynamic work situations where priorities are subject to change at any time;
- Ability to work independently and as part of a team;
- Ability to adhere to standard operating procedures (SOPs) and general guidelines involved in conducting a project; and
- Demonstrated proficiency in Microsoft Outlook, Word, PowerPoint, Access, and Excel.

Interested candidates may submit their resumes via e-mail to Heather Wilson at hwilson@intrinsic.com.
