

## DEPARTMENT OF EARTH SCIENCES

Closed Departmental Meeting  
Monday September 24<sup>th</sup>, 2018 at 10:30 am

In attendance:

Andy Calvert, Kevin Cameron, Shahin Dashtgard, Dan Gibson, James MacEachern, Derek Thorkelson, Eileen van der Flier-Keller, Brent Ward (Chair), Tarja Vaisanen, Matt Plotnikoff, Bonnie Karhukangas,

Not attending: Diana Allen, Robbie Donald, Brendan Dyck, Gwenn Flowers, Cindy Hansen, Dirk Kirste, Dan Marshall, Doug Stead, Glyn Williams-Jones

### **Adjunct Proposal:** B. Ward

- i. Brent submitted proposal for Nick Roberts as an EASC Adjunct in Natural Hazards. Nick will be taking a position with Tasmania Geological Survey this fall, so he would not necessarily be available to sit on student committees, but he could continue as a mentor to graduate students and could foster new research collaborations.

### **Associate Propoasl:** E. van der Flier-Keller

- ii. Eileen submitted proposal for David Zandvliet as an EASC Associate Member. Eileen and Kevin have been working with him to help integrate EASC into the Education Department. He could also contribute as well in SCI 192, support Science in Action students, could help advise students, and increase awareness of EASC into the PDP Program.

Due to time constraints an email will be sent around for faculty to vote for both proposals. (Note: Online vote in favor of Nick Roberts becoming an Adjunct, and David Zandvliet becoming an Associate Member in Earth Sciences.)
