

SIMON FRASER UNIVERSITY

Molecular Biology and Biochemistry Undergraduate Scholarship Endowment Fund

Revised Terms of Reference

The Molecular Biology and Biochemistry Undergraduate Scholarship Endowment Fund was established at Simon Fraser University in 2005 with a portion of the proceeds of the former Chemistry/Biochemistry Undergraduate Endowment Fund. The Chemistry/Biochemistry fund was dissolved after the Biochemistry program joined the Department of Molecular Biology & Biochemistry.

The Molecular Biology and Biochemistry Undergraduate Scholarship will be granted annually from a portion of the income earned from the Endowment fund. A portion of annual earned income will be reinvested in the endowment fund to protect its value over time. If sufficient funds are available, multiple awards may be granted.

In the event that circumstances make the specified use of the Endowment Fund no longer practicable or desirable, the Board of Governors of Simon Fraser University, is hereby authorized to make any changes it may deem necessary in the terms or use of the Endowment Fund or the Molecular Biology and Biochemistry Undergraduate Scholarship, such changes, however, to be in keeping as far as possible with the original spirit and general intent of the Endowment Fund.

Molecular Biology and Biochemistry Undergraduate Scholarship

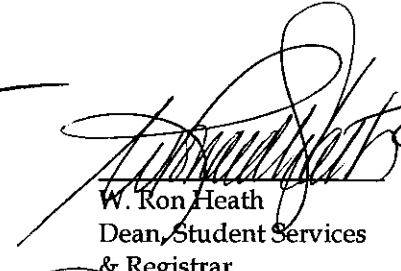

The Molecular Biology and Biochemistry Undergraduate Scholarship valued at approximately \$500, will be awarded annually in the Fall semester, based on academic performance to an undergraduate student(s) in their final year of an approved major or honours degree in Molecular Biology and Biochemistry.

The award will be made by the Senate Undergraduate Awards Adjudication Committee.
