**Exemptions**

Please provide a brief overview of the project with a focus on methodology

Which TCPS 2 article your study falls under for the purpose of being exempt from review:

**Article 2.2 – Public data**

Research does not require REB review when it relies exclusively on information that is:

- publicly available through a mechanism set out by legislation or regulation and that is protected by law; or
- in the public domain and the individuals to whom the information refers have no reasonable expectation of privacy.

**Article 2.3 – Observation in public places**

REB review is not required for research involving the observation of people in public places where:

- it does not involve any intervention staged by the researcher, or direct interaction with the individuals or groups;
- individuals or groups targeted for observation have no reasonable expectation of privacy; and
- any dissemination of research results does not allow identification of specific individuals.

**Article 2.4 – Secondary use of anonymous information**

REB review is not required for research that relies exclusively on secondary use of anonymous information, or anonymous human biological materials, so long as the process of data linkage or recording or dissemination of results does not generate identifiable information.

**Article 2.5 – Quality assurance and quality control, program evaluation**

Quality assurance and quality improvement studies, program evaluation activities, and performance reviews, or testing within normal educational requirements when used exclusively for assessment, management or improvement purposes, do not constitute

research for the purposes of this Policy, and do not fall within the scope of REB review.

### Article 2.6 – Creative practice activities

Creative practice activities, in and of themselves, do not require REB review. However, research that employs creative practice to obtain responses from participants that will be analyzed to answer a research question is subject to REB review.

You must select one of the Exempt Articles above before submitting your study for review.
